### 2010 - Vieu OTS remaps £270

<https://www.focusstoc.com/threads/rolling-road-day-at-gotboost-in-llandow-sunday-14th-march-update-results-are-on-page-9.60249/>

---

some food (if John remembers the bread rolls this time  ) and also coffee / tea. We'll put out an honesty tin to cover the cost of the food and drinks, so please bring some coppers to cover the expense 

Group prices for a rolling road day are as follows:

1-4 cars - £45

5-14 cars - £35

15-24 cars - £30

25+ cars - £25

Price includes 2 runs with AFR logging and detailed power graphs.

GotBoost also have a large selection of modified parts available for various cars (Mongoose exhausts, EBC brakes, performance filters, etc.), so you may want to visit their website anyway to get some treats for your ST.

**\*\*\* UPDATE 6th March \*\*\*** - Craig at GotBoost would like to offer 10% discount on any Vieu remaps booked on the day, making the STs £270 with dyno setup and testing, expect 260bhp on a standard car! Not bad eh considering the price of the alternative Mountune conversion which gives approx. the same power gain.

Here's the link to their website: <http://www.gotboost.co.uk/home.html> and ebay shop: <http://stores.shop.ebay.co.uk/GotBoost-Performance-Tuning>

The address is:

27E Vale Business Park,  
Llandow,  
CF71 7PF

and the coordinates for your sat nav's are:

51°26'29.49"N  
3°29'54.92"W

If your curious to find out how much bhp your car's actually pushing out and you would like to come along
