This is a genuine opportunity to run your own business all we ask is you have the basic skills, the equipment needs to run on windows 7 to 10 not apple so knowing windows and how to send & recieve emails is a must common sense good manners and customer service skills are all you need, ideally we prefer garage users who understand cars and how they work but some of our most succesful dealers have come from all back grounds , IT, Tinters, Solicitors even builders & many EX forces, Armed forces preparing to leave our often given grants before leaving so if thats you check! You may not even have to pay to set up a Lucrative Business.
